**MINUTES
BUDGET/PERSONNEL
SPECIAL MEETING
MONDAY, MAY 11TH, 2015
6:30 P.M.**

THE BUDGET / PERSONNEL COMMITTEE MET IN REGULAR SESSION IN THE COUNCIL CHAMBER AT 12 NORTH ROWE STREET, PRYOR, OKLAHOMA AT THE ABOVE DATE AND TIME.

Committee Members: **Greg Rosamond, Drew Stott, Randy Chitwood and Ryan Rains (alternate)

1. CALL MEETING TO ORDER.

The meeting was called to order at 6:30 p.m. by Chairman Greg Rosamond. Members present: Greg Rosamond, Drew Stott, Randy Chitwood. Members absent: none.

Others present: Mayor Jimmy Tramel, Police Chief Steve Lemmings, Fire Chief Tim Thompson, Library Director Susan Newberry, Police Officer James Willyard, Police Officer Dustin Van Horn, Library Board Member Jeanette Anderson, Pryor Main Street Director BJ Cummings, Members of the Pryor Area Arts and Humanities Council, Attorney Darrell Moore and Terry Alyward.

2. DISCUSS, POSSIBLY APPROVE THE MINUTES OF THE APRIL 14TH, 2015 REGULAR MEETING.

Motion was made by Stott, second by Chitwood to approve the minutes of the April 14th, 2015 regular meeting. All voted yes.

3. MAYOR'S REPORT:

a. TAX REPORTS.

Mayor Tramel discussed the Tax Reports and spoke about finding another source of revenue instead of the Use Tax.

b. FUND BALANCE.

Mayor Tramel spoke about the Fund Balance. (See the attached Mayor's Report.)

4. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE \$3,000.00 CONTRIBUTION TO MAYES COUNTY FOR SHARED USE OF THEIR PICTOMETRY DATA TO BE USED FOR MAPPING TOOL.

There was no action on this item.

5. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE PURCHASE OF ARCGIS FOR ONE (1) DESKTOP BASIC SINGLE USE LICENSE AT \$1,500.00 OR ONE (1) DESKTOP BASIC CONCURRENT USE LICENSE AT \$3,500.00 FOR GIS MAPPING SOFTWARE FROM ESRI (ENVIRONMENTAL SYSTEMS RESEARCH INSTITUTE, INC.) AS SOLE SOURCE SUPPLIER. (ANNUAL MAINTENANCE NOT INCLUDED.)

Motion was made by Rosamond, second by Chitwood to recommend Council action to approve purchase of ArcGIS for one (1) Desktop Basic Concurrent Use License at \$3,500.00 for GIS Mapping Software from ESRI (Environmental Systems Research Institute, Inc.) as sole source supplier. (Annual maintenance not included.) All voted yes.

6. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE AUTHORIZING THE MAYOR TO SIGN THE "LEASE AGREEMENT" BETWEEN THE CITY OF PRYOR CREEK AND THE PRYOR AREA ARTS AND HUMANITIES COUNCIL FOR OLD CITY HALL.

Motion was made by Stott, second by Chitwood to recommend Council action to approve authorizing the Mayor to sign the "Lease Agreement" between the City of Pryor Creek and the Pryor Area Arts and Humanities Council for old City Hall. All voted yes.

7. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE AUTHORIZING THE MAYOR TO SIGN A CONTRACT WITH CMSWILLOWBROOK FOR REPAIRS AT THOMAS J. HARRISON PRYOR PUBLIC LIBRARY:
a. FRONT ENTRANCE
b. PLUMBING

There was no action on this item.

8. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE AUTHORIZING THE MAYOR TO SIGN A CONTRACT WITH VIWO GOOGLE APPS FOR 75 EMAIL ACCOUNT LICENSES (INCLUDING 30GB OF SPACE AND SPAM FILTERING) FOR ONE (1) YEAR, TRANSFER FROM PRYOROK.ORG TO PRYORCREEK.ORG DOMAIN AND IMAP MIGRATION OF CURRENT APPS AND DATA TO NEW PRYORCREEK.ORG IN THE AMOUNT OF \$6,574.00.

Motion was made by Rosamond, second by Chitwood to recommend Council action to approve authorizing the Mayor to sign a contract with Viwo Google Apps for 75 email account licenses (including 30GB of space and spam filtering) for one (1) year, transfer from pryorok.org to pryorcreek.org domain and IMAP migration of current apps and data to new pryorcreek.org in the amount of \$6,574.00. All voted yes.

9. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE RECEIPTS RECEIVED FROM PRYOR AREA ARTS & HUMANITIES COUNCIL, NEOK AREA ARTIST SHOW HELD SEPTEMBER 26 – OCTOBER 4, 2014 FOR HOTEL/MOTEL GRANT FOR PAYMENT IN THE AMOUNT OF \$3,000.00.

Motion was made by Stott, second by Chitwood to recommend Council action to approve receipts received from Pryor Area Arts & Humanities Council, NEOK Area Artist Show held September 26 – October 4, 2014 for Hotel/Motel Grant for payment in the amount of \$3,000.00. All voted yes.

10. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE RECEIPTS RECEIVED FROM PRYOR MAIN STREET, CHILI CHRISTMAS CAR & BIKE SHOW HELD NOVEMBER 15, 2014 FOR HOTEL/MOTEL GRANT FOR PAYMENT IN THE AMOUNT OF \$2,000.00.

Motion was made by Rosamond, second by Stott to recommend Council action to approve receipts received from Pryor Main Street, Chili Christmas Car & Bike Show held November 15, 2014 for Hotel/Motel Grant for payment in the amount of \$2,000.00. All voted yes.

11. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE RECEIPTS RECEIVED FROM PRYOR AREA CHAMBER OF COMMERCE, PRYOR CHRISTMAS PARADE OF LIGHTS 2014 HELD DECEMBER 4, 2014 FOR HOTEL/MOTEL GRANT FOR PAYMENT IN THE AMOUNT OF \$2,500.00.

Motion was made by Rosamond, second by Chitwood to recommend Council action to approve receipts received from Pryor Area Chamber of Commerce, Pryor Christmas Parade of Lights 2014 held December 4, 2014 for Hotel/Motel Grant for payment in the amount of \$2,500.00. All voted yes.

12. DISCUSS, POSSIBLY RECOMMEND COUNCIL ACTION TO APPROVE HOTEL / MOTEL TAX FUND ALLOCATION GRANT APPLICATION FROM PRYOR MAIN STREET FOR A BARBEQUE COOK-OFF & CAR & BIKE SHOW IN THE AMOUNT OF \$2,500.00 FOR THE 2014 - 2015 FISCAL YEAR TO BE HELD JUNE 20TH, 2015. (THIS EVENT IS NO LONGER CALLED MAYFEST.)

Motion was made by Rosamond, second by Chitwood to recommend Council action to approve Hotel / Motel Tax Fund Allocation Grant Application from Pryor Main Street for a Barbeque Cook-off & Car & Bike Show in the amount of \$2,500.00 for the 2014 - 2015 fiscal year to be held June 20th, 2015. (This event is no longer called MayFest.) All voted yes.

13. ADJOURN.

Motion was made by Stott, second by Chitwood to adjourn at 7:50 p.m. All voted yes.

RECEIVED
JUN 01 2015
CITY CLERK'S OFFICE
PRYOR CREEK, OK

Pryor Main Street, Inc. (PMS) is pleased to provide Pryor Creek Hotel/Motel Tax board a listing of some of the expenses we have used hotel/motel tax monies for.

Please keep in mind that PMS has the task for revitalization and promotion of our downtown historic core. Since we are still in our infant stage and steadily growing we are continuing to build the infrastructure for a successful Main Street program. To be a Main Street program requires by contract to attend a minimum of four (4) training sessions per year. Along with the regular training, PMS had the opportunity of being selected as one of 35 candidates across the state to participate in the Oklahoma Arts Council Leadership program for 2015. Even though the tuition is complimentary each community must provide its own travel. Trainings for OAC have included sessions in Sulphur, Bartlesville, Guthrie, and Oklahoma City. PMS was also selected this year to serve on a panel for the Small Town Conference held in El Reno. A large portion of the funding from Hotel/Motel went for these expenses. The MS training and the information through networking with the OAC has been invaluable for the success of our Main Street program. At each training and/or conference I have had the opportunity to showcase Pryor Creek, Oklahoma. I am pleased by the attention and the connections that have been made through these conferences.

As you are aware, the Pryor Area Arts and Humanities Council is entering an agreement with the City of Pryor Creek to use the old city hall building for a home for PAAHC where studio space and a gallery will be become a reality in our community. The connections that PMS has made this past year has been invaluable for connections to help make this happen in our community.

PMS has also had the privilege of hosting the National Main Street Architect in our city to design a conceptual view of a downtown Pocket Park. Using Main Street resources we had the opportunity of working with Pryor High School to have our first of many Tiger Tank projects. Tiger Tank is a collaborative effort between PHS and PMS to showcase the talent of our students making them aware of retail opportunities in our downtown.

The recent retail seminar through working with Cherokee Nation we have uncovered a potential coffee shop in our downtown that plans on being operational by August 1, 2015.

PMS thanks the Hotel/Motel board for your continued confidence in the work that our Main Street program is doing. Working together is a win-win for all of us and our beautiful town of Pryor Creek.

Pryor Main Street, Inc.
Chalk Walk

This was the first annual event for a Chalk Walk in our town. The Design Committee with the help of PHS Junior and Senior High art teachers created chalk designs for our sidewalks on East Graham. This work of art brought beauty to our downtown for both pedestrians and motorists.

The Chalk Walk also challenged students for conceptual designs that would work for this venue.

We trust this will become an annual event that will grow and we trust that Oklahoma weather will be more favorable this year!

Pryor Main Street, Inc.

Pryor Main Street, Inc.
Conference Training

Conferences and training are a vital necessary ingredient for the success of our Main Street program and for the success of the revitalization and economic development of our town.

Conferences this year gave PMS great insight for programs to create a historic district downtown. Training offered opportunities to meet resources much needed to help with the development of our mission. These meetings also held opportunity for PMS to reach out to other communities and be a catalyst to let others know what is happening in Pryor Creek.

PMS was honored to be selected to serve on a panel at the El Reno Small Towns Conference last year showcasing opportunities of our town making Pryor Creek a place of destination where families want to live, work, and play.

Pryor Main Street, Inc.
Main Street Day at the Capitol

Main Street Day at the Capitol held annually in the spring is when MS towns all across Oklahoma showcase our towns and amenities offered in our cities.

PMS chose to showcase Greer Ranch house Sausage by making over 200 breakfast burritos to give to patrons of this event. Each year we run out of breakfast burritos! Our booth is the talk of the Capitol that day.

People ask for where to buy Greer Sausage giving us the opportunity to tell folks all about Pryor Creek and the things we have going for us.

This is a wonderful promotion opportunity for our town.

Pryor Main Street, Inc.

Pryor Main Street, Inc.
Office Supplies

PMS works on a very tight budget as we build our program. All printing currently is done in-house even for the majority of our promotional materials. The largest expense for office supplies is ink print cartridges. By utilizing in-house printing and being frugal we have saved money in this arena.

We hope to expand this and be able to do more promotional materials such as more brochures in the future.

Pryor Main Street, Inc.
Pocket Park

With Pryor Creek being a Main Street community gave us the opportunity to use the resources of the National Main Street Architect for no cost to our community.

Scott Day, National Architect and Larry Lucas, State Architect spent three (3) days in Pryor Creek assessing the area that is designated for a pocket park.

This conceptual design which has been approved by the City Council will create a destination for our downtown drawing residents and visitors to a gathering place that is lacking in our downtown.

PMS is excited about the prospect of this development becoming a reality in our downtown.

Pryor Memorial Park

An Urban Transformation

Urban Development Services

Figure 1 Historic Pryor Theater on left side of image is the site of the proposed Memorial Park

Executive Summary

This report is a summary of the visit that Urban Development Services made to Pryor along with Oklahoma State Main Street Architect Larry Lucas. The report is by no means inclusive of all the issues that this project will entail but it does start to provide the community with a framework for moving this project forward. The design of the park is being influenced by two major factors. The public has expressed uniformly the idea for a military memorial park that can be multi-use. The second is that the space once housed a combination of commercial storefront on one side (small café) and a theater on the other side. The consulting team also recommends that this space be reestablished as a small retail space for food service on the right, street front portion of the building to bring positive activity to the space on a daily basis. The park is envisioned to be used for a wide variety of community uses from

bake sales and cookie sales, family reunions, special community markets, outdoor movies, small scale concerts and bands to just a space where people can reflect.

A structural engineer should be retained by the community to help oversee the completion of the demolition, stabilization of the remaining walls as well as an architect to develop the final plans, construction documents and to oversee construction.

Figure 2 Aerial showing block where Memorial Park is slated to be constructed.

Final demolition

Be careful not to pull the old projection room or push it into front façade. We're not certain if this is attached to the front wall in any manner. Ideally anything between the projection room and the front façade should be carefully cut away and then the projection room taken down or pulled down. There is some steel that supports the projection room but where this runs and how it attaches was not investigated.

Demolition should also investigate the integrity of the existing concrete slab, adjacent foundations and underlying soil conditions. Also the demolition contractor should document and take proper remediation measures as needed for any environmental conditions. The most apparent is the abundance of pigeon dung still inside the former "Hole in the Wall" restaurant.

Figure 3 Original projection room on second floor. This was made of reinforced concrete with a steel super structure to support this. This demolition needs to be overseen by a structural or civil engineer so adjacent wall are not compromised.

Gas Meter (Close Up Below)

The gas meter and line needs to be protected during demolition. For some reason this was located in the middle of the building and adjacent to the wall supporting the upstairs projection room. See if it can be turned off at the curb.

Figure 4 Gas meter location at base of wall.

Existing drains should be scoped to see if they are in working order

Figure 5 Sump pump is located in middle of slab. Existing slab is sending water towards outer edges but for the most part is flat. The current slab needs to be removed and a new surface installed that is designed to collect and channel water away from neighboring properties. Note, opening in wall on the east side of the space needs a proper sill and header or it should be sealed up.

A professional plumber should run a camera through the drains to determine their condition and capacity. It's believed that the Boomerang Diner put in new drains when they occupied the building. It's also believed that the sump pump on site was pumping into the city sewer. Why this was done or necessary is unknown as no one else in the area has problems with water coming up through their slab

Day to day management of the construction phase of this project

While this won't be a particularly large endeavor we would suggest that the community hire a construction manager to be on site during work days to ensure quality and coordination of resources.

Site Survey

Have the site surveyed with elevations to determine how surface water flows and adjacent grades outside of the site including the walkway to the rear alley. Survey should also accurately describe ownership of the walls around the space.

Existing Walls

- The existing interior walls including the front wall need to be inspected by licensed structural engineer to determine what reinforcing needs to occur.
- The walls need to be finished to repel weather after any structural work is done. The current walls were all designed to be interior walls and if left exposed, as is, will ultimately cause structural damage to adjacent buildings. We recommend a real stucco coat. Do not use EIFS or foam insulation to seal the wall exterior. Consider true "cementitious based" stucco. This will be the best option, as it will not require supplemental foundation work. This will let the walls breathe and keep the majority of weather (water) from eroding the mortar. Adding another wythe of brick masonry is a less attractive option as it will require some detailing to look right at the ends, and supplemental foundation work would probably be required – as well as major work to the floor slab structure.
- Rear wall will likely need to be taken down. This represents an opportunity to put up a proper outdoor wall that can have a smooth surface applied to it so movies can be projected onto it. When not in use it should be attractive as it's a focal point when you enter the space. The proposed rendering also shows this wall to have a series of openings along it at the base to help with ventilation and drainage of the park and the rear service corridor. The gate to the right or northeast should be open at all times and capable of emptying a crowd from this space and directing them to the exit. The amount of exit space should be verified by the Fire Marshall.
- The front wall should be reinforced. This can be accomplished with a new balcony and new commercial structure on back side. Again, a structural engineer can help identify where and how this should occur. Demolition will first need to be completed.

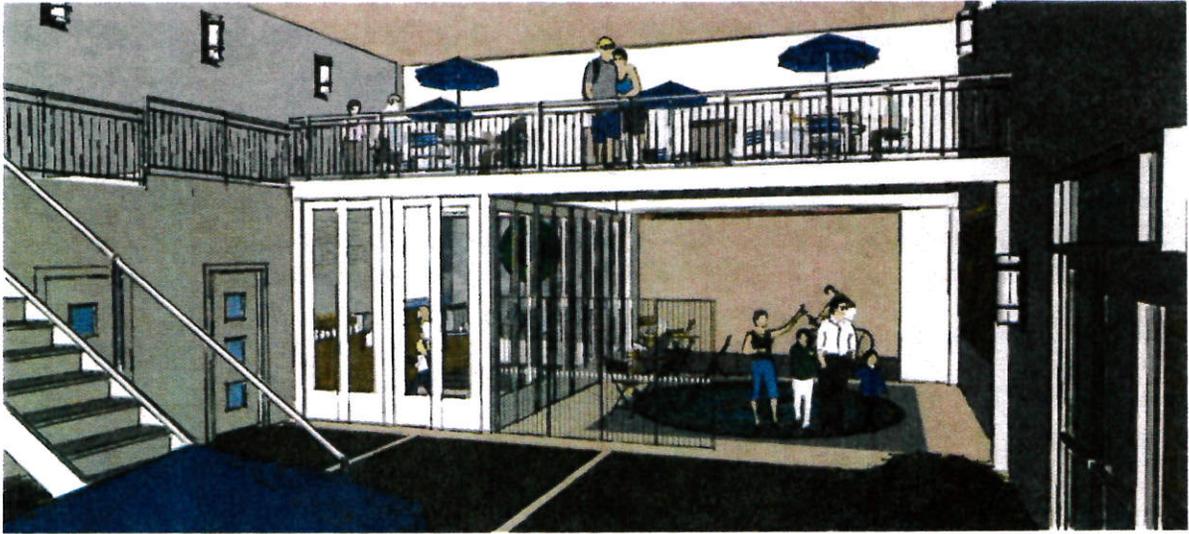

Figure 6 Balcony will help to reinforce front wall. Since the space is no longer enclosed, wind can act on both sides of the wall requiring that it be braced. The balcony will serve to brace the front wall.

- Investigate sub-slab moisture at base of these walls. This will likely require some small excavations adjacent to the building foundation and add sub-surface waterproofing and/or supplemental drainage system as designed by civil engineer or landscape architect (French, gravel, drain-tile, periodic vertical infiltration wells, et al.) This drain detail should be done in concert with the overall site drainage plan.

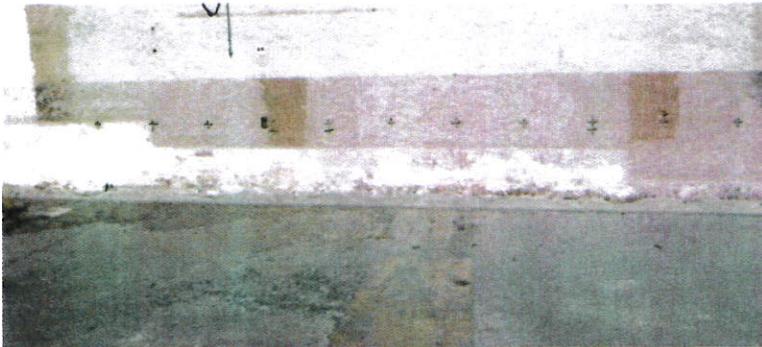

Figure 7 Current slab shows evidence of directing water towards adjacent properties.

Figure 8 Courtyard from second story on non-event day

Proposed Park Floor

The sketches show planting beds along the outer edges and brick pavers framed by concrete borders in the center. The civil engineer should be able to provide details on how to best handle drainage. This could be done in a couple of ways.

1. The pavement can be pitched to a center drain and that drain exits the site, ideally to the north through the walkway to the rear alley.
2. The pavement and planting beds could have drain tiles installed underneath to collect the water and this in turn exits the site.
3. A combination of the above.

Design and Programing of the New Park

Space Programing

On a daily basis, Memorial Park is designed to be the social living room of the community and to help remind people that we have the opportunity to enjoy this space due to the hard work and dedication of community members that have served in one of five branches of the military. As people pass through the entrance of the park they'll pass the wall of honor listing the names of Pryor residents that have served by the branch of the service that they served in.

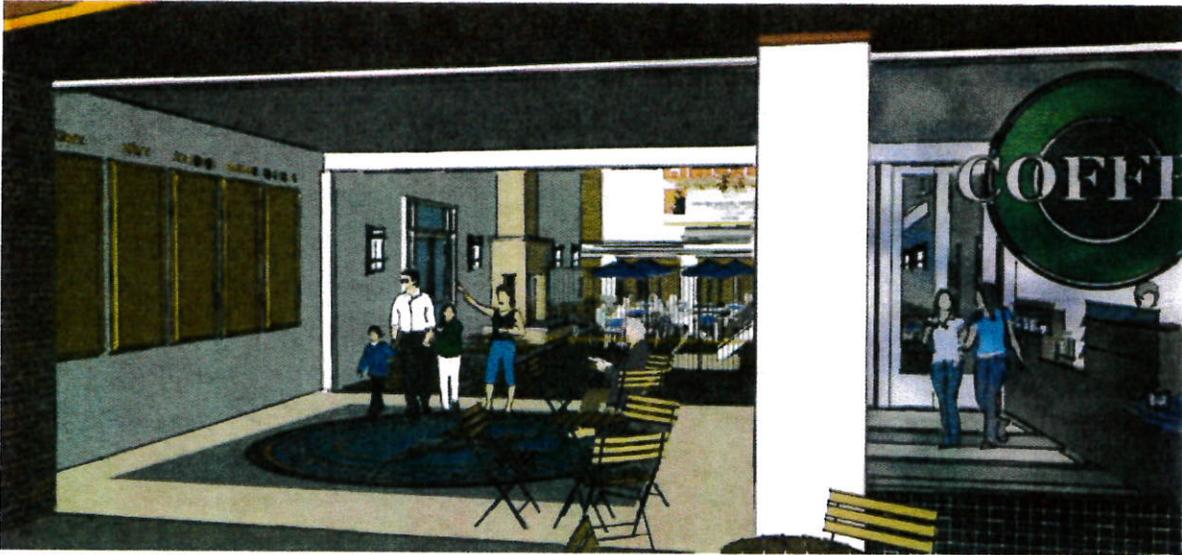

Figure 9 Memorial as viewed from the front sidewalk

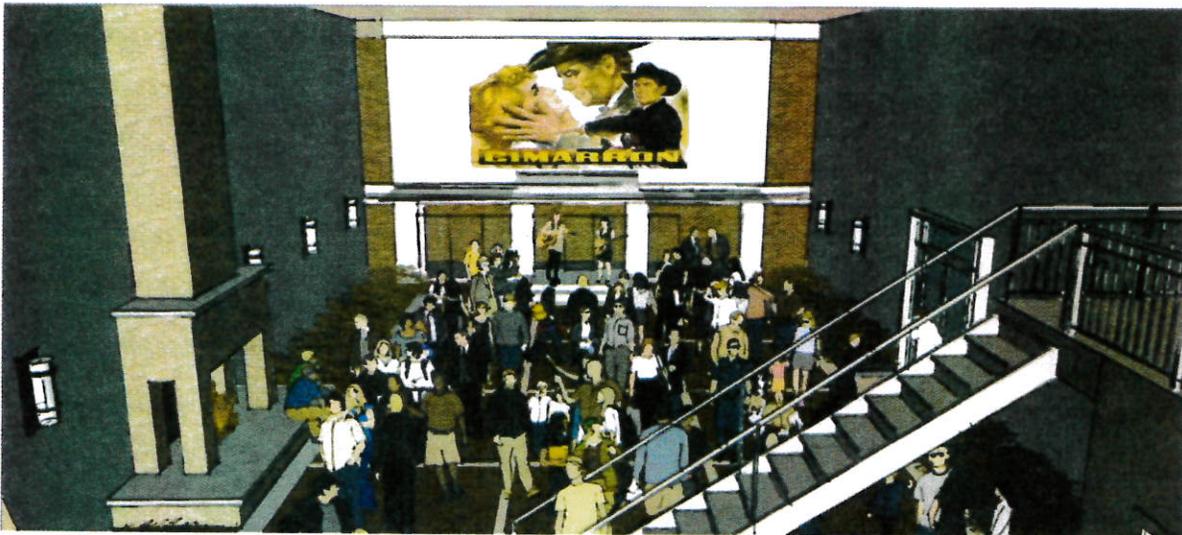

Figure 10 Courtyard on event day as viewed from the balcony

The larger “community room” space is envisioned to be used for a wide variety of community uses from bake sales and cookie sales, family reunions, special community markets, outdoor movies, small scale concerts and bands to just a space where people can reflect. The consulting team also recommends that a small retail space for food service be established on the right, street front portion of the building. This is for two reasons:

1. This will help establish the park with eyes and ears so that the undesirable element doesn't show up and inadvertently label the space as unsafe.
2. A portion of this persons rent could be reduced in return of daily management. This would be determined by the city after reviewing rental rates and the value of the tenant's daily maintenance contributions.

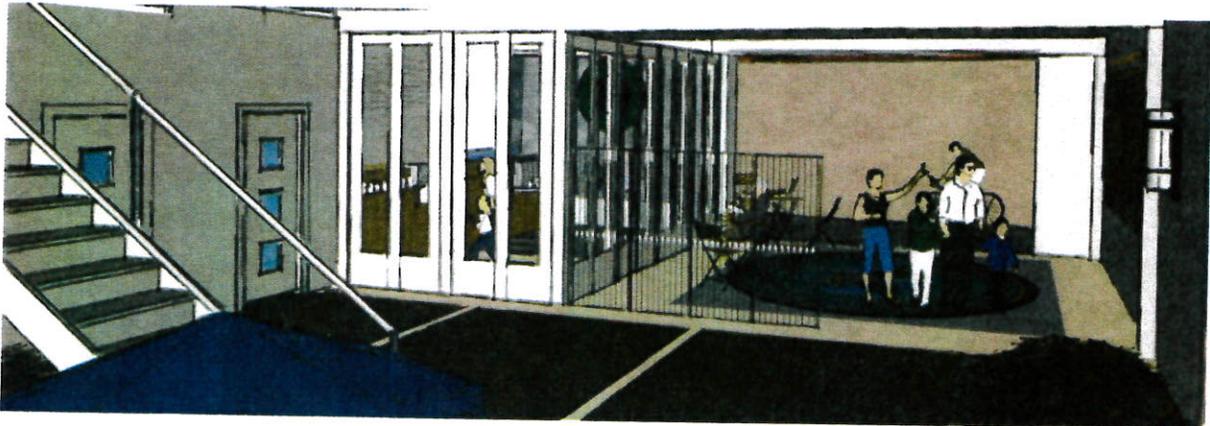

Figure 11 The balcony will provide an enclosed retail space, semi covered memorial site and two new public restrooms (left under the staircase).

Commercial Space

Some of the things that the tenant could do would be to open and close the park, clean restrooms empty trash receptacles, put out tables and chairs and hose off surfaces that need to be cleaned.

Things to consider in regards to the commercial space:

1. Who maintains the space on days when there are larger gatherings (park rentals)?
2. What happens if another food establishment leases a space next door and wants to use the park? (When this occurs it might be time to renegotiate the lease agreement.)

Larger Maintenance Concerns

Larger maintenance concerns would be borne by the city such as light bulb replacement outside the tenant's space, pavement maintenance, plant materials replacement and addressing any vandalism concerns.

Number and Size of Bathrooms

The proposed project shows two bathrooms, a men's and women's. Check with the health department to see if these bathrooms will need to be inside the food service building or if outside and adjacent is ok and for the right number of stalls and fixtures.

Adjacent Property Access/Development

Determine if adjacent properties can cut through their walls to access this space. In general this sounds like a good idea because more people will be using the space. If so, where? What will the policy be for doing this? How does this impact maintenance agreements with the proposed commercial space? Do they need to have a fire door? How will security be handled?

Note, the building to the east currently has a doorway cut into this space but it was not done properly. A lintel and sill need to be installed or the hole needs to be properly bricked up.

Back Alley Access

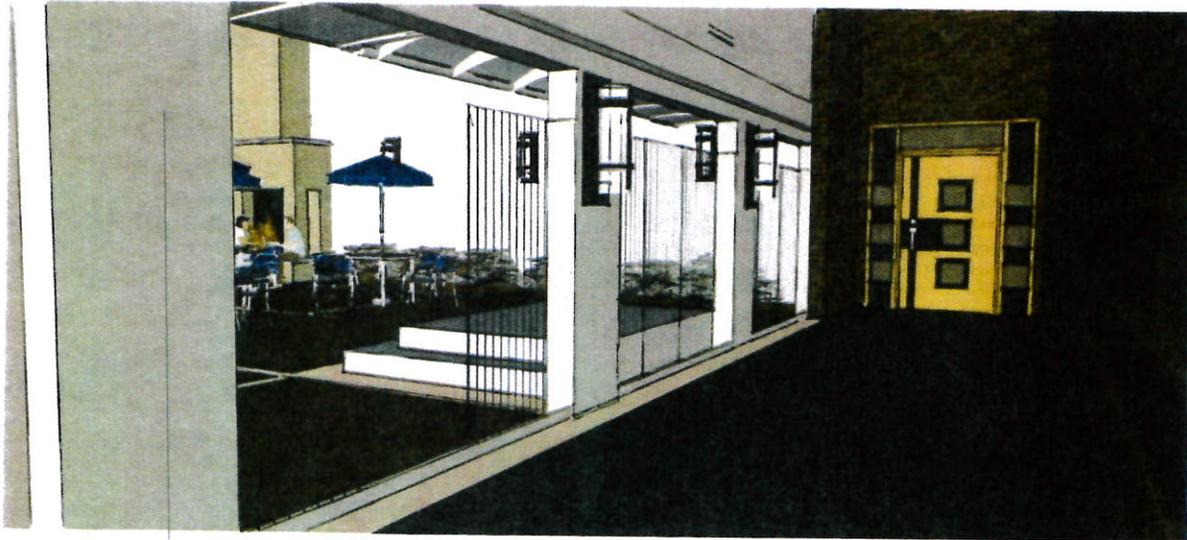

Figure 12 Rear Service Corridor, looking west.

The back alley access will be important for this site. The proposed design establishes a very porous base to the wall to allow more light and ventilation to penetrate the service corridor. This is done with a series of openings in the base of the new north wall. The center and western bays will be locked most of the time to direct traffic to the eastern gate which will help direct people to the north corridor leading the rear alley. With a site this large there needs to be a doorway large enough to empty a crowd from the front to the back alley if needed. This means that this doorway or access will need to be open during business hours or it will need to be structured with an exit that has a "panic" bar on it. The size and capacity of the site should be reviewed by the Fire Marshall. Exit signs leading to the alley will also be needed.

HVAC Condenser Units in Back Alleyway

We recommend that all the HVAC condenser that are in the public path in the service corridor be relocated. If they are not in the path, then they should be screened. The best idea would be to relocate all to rooftop or hang them up high on the back alley walls so that crowds can exit the park quickly if needed. Perhaps City can assist with these costs.

Fund Raising

Start your fundraising with a silent campaign to gain feedback from potential contributors. This should entail showing them the drawings and asking questions and just listening to their responses. After this make revisions to the plan and launch the fund raising campaign. Try to enlist someone from the community that has experience in community fund raising campaigns. This person should help with organizing and prioritizing the schedule of solicitations and the relevancy of in-kind donations. This needs to be done in a very concerted manner so that the campaign can capitalize on leveraged giving.

Start with lead gifts and work to smaller amounts. The reason for this is that if once someone gives and they're capable of giving more then they're unlikely to do so because they're already made a contribution. Penny pitches (jars on the counter) should be the last phase of giving along with any on-line/crowd funding opportunities. One of the last phases of giving could be rounding up your utility bill

to the nearest dollar and having the residual go to the park. Also make sure to include high school alumni.

The fact that this project entails honoring Pryor's men and women that have served in the military should provide a compelling reason for people to contribute.

Magnitude of Costs

Note, Items in blue italics can likely be donated, items in burgundy italics could be added at a later phase

- Final architectural plans \$10,000
- Demolition of remaining structure \$5,000
- *Demolition of existing concrete slab \$25, 156 Note existing slab maybe salvageable depending upon engineers report. This figure is probably high. Potential contribution from City (3,432 square feet @ \$7.33 per foot)*
- Environmental assessment \$3,000
- Structural analysis and structural design \$5,000
- Civil engineering for site drainage \$4,000
- *Back Wall, \$30,000 (Likely to be in-kind), foundation, steel, masonry and stucco covering*
- Structural stabilization for front wall and possible sidewalls. This is likely part of second story balcony/ceiling of commercial space. \$78,000 Concrete deck with steel support @\$100 per foot @ 780 square feet.
- Patio and Concrete Pavers \$21,600 (1,800 square feet @ \$12 per foot)
- Stucco of sidewalls \$32,000 (moisture barrier, lath, two coats and top coat) 4,280 feet for back side of front wall and two side walls @ \$7.50 per foot.
- *Fireplace \$30,000 (Most likely less but you get what you pay for here. Ideally the community will opt for a site built fireplace of concrete block faced with brick. Prefab with metal flue would be about \$8,000)*
- *Marquee \$30,000*
- *Rear alley cleanup (Utility Work), Donated by City Utilities*
- *Custom Gates at alley, back wall, by restrooms and at front of building \$20,000 (possible in-kind from city, potential welding project)*
- Commercial space with exterior doors, front windows and tile, electrical rough in, tile on floor, \$25,000 (Approximately 400 square feet @ \$62.5 per foot.) This figure is probably high as some of this space will be constructed with the second story balcony and stabilization phase.
- Two bathrooms, four fixtures, tile on floor and wall \$40,000
- *Sewer and water lines for commercial space, bathrooms and misc site hose bibs. \$7,500 (Possible in-kind from City)*
- *Staircase to upstairs \$5,000 (possible in-kind contribution from City, potential welding project)*
- *Railings for second story deck \$5,000 (possible in-kind contribution from City, potential welding project)*
- Site lighting, \$5,000

- Audio visual equipment \$7,500
- Tables/chairs umbrellas \$5,000
- Landscaping \$3,000

Total costs not including potential donated items and potential later phases total \$196,000. If the entire park is constructed at once without any in-kind then the total budget is \$396,756. Note, the above figures do not include costs associated with restoration of the overall front façade. This is an unknown at this point since it's still covered. No contingency costs are included in these totals.

Renovation and Beautification

PMS is an affiliate of Keep Oklahoma Beautiful. Being an affiliate of KOB gives PMS the opportunity each year to apply for Fresh Paint Grants. As an affiliate we can apply for as many grants as we wish.

This past year we applied for four (4) grants and were awarded all four!

During Great Days of Service, we painted three (3) buildings, Clinton's Tire, Crafty Tiger, and the Allred Theater.

This event was a huge success for PMS by making our downtown more beautiful. It also brought together over 97 different volunteers over 3 weekends to do the work. This was a great community effort, one which we plan to do each year.

May 7, 2015

2015 – 2016 Fiscal Year Hotel/Motel – Rules for Funding.

ALLOCATION RECIPIENTS

- Pryor Area Chamber of Commerce (40%)
- Pryor Public Schools (20%)
- Pryor High School Band Day (\$2,500 of PPS 20%)
- Pryor Main Street Program (10%)

Effective July 1st, 2015:

1. Summary Letter of how funds are intended to be spent due by July 31st 2015.
2. All receipts and expense reports are due in full on June 30th 2016.

All receipts and expense reports received after June 30th, 2016 will be rejected and allocation of funds will be forfeited for the following year.

GRANT RECIPIENTS

- Pryor Area Chamber of Commerce
- Pryor Area Arts and Humanities Council
- Pryor Main Street Program
- Pryor Freedom Fest
- Pryor Creek Golf Course
- Other

Effective July 1st, 2015:

1. Grant Applications are due by July 31st, 2015.
2. All receipts must be turned in no later than 60 days after the day of the event.

All receipts and expense reports received after June 30th, 2016 will be rejected and no reimbursements will occur.

All submittals for funding will go before the Hotel/Motel Board the first week of July 2016, the Budget/Personnel Committee the 2nd week of July 2016 and finally on to the City Council for approval the 3rd week of July 2016.
